PLAZA®

LASTING VALUE AS A STANDARD FEATURE

Since 1982, the Plaza philosophy of providing a uniformly high level of standard quality in every condominium we build has made our name synonymous with lasting value. We were among the first condominium developers and builders in Toronto to include such finishes as quartz counters and floors, quartz bathroom counters and floors, undermount sinks, porcelain tile, engineered hardwood floors and stainless steel appliances as standard features rather than costly upgrades. Building in more quality from the beginning is a hallmark of every Plaza community, which has resulted in condominium suites that have greater market value today, and have lasting value for tomorrow.

MET Heart of Vaughan

Surrounded by a wealth of amenities, you can spend one minute shopping in Canada's largest shopping centre and the next in a nature conservatory. Our one or two bedroom suites and three bedroom spacious townhouses are conveniently connected to highways 400 and 427, making travel up north or down south fast and uncomplicated.

Musée Bathurst & Adelaide

A vital new force is taking shape at Bathurst and Adelaide in downtown Toronto. Musée is a cosmopolitan new condominium set amidst a civilized, tree-lined pocket off Adelaide Street West. The new community is near the vibrant street scene and sophisticated elegance of King Street West, the funky fun and fashion of Queen Street West, and the rich diversity of neighbouring areas like Chinatown and Kensington Market.

Plaza Midtown Yonge & Eglinton

Much like the area itself, Plaza Midtown is a bit of everything for everyone. Its modular, Rubik's cube façade leverages existing structures to create a cohesive unit that reflects the pastiche of Eglinton's history. Enhancing what's already there without cancelling it out, there's a simplicity about the cubic design that promises a lifestyle that can be personalized to your taste.

No.1 Yorkville Yorkville

Canada's finest address, No1 Yorkville, is singular, slender, and sensational. The building provides a contemporary expression of elegance and intrigue, celebrating the energy of its metropolitan nature. Minutes away, you can stroll through the designer boutiques on Bloor Street from this enviable location in the heart of Yorkville.
